

**NORDIC
CONFERENCE
ON
SUSTAINABLE
HEALTHCARE
2020**

**NEW OPTION:
ONLINE presentation**

OPEN CALL FOR SPEAKERS

We are now accepting proposals for presentations.

Due to the events with COVID-19, we are now offering speakers to present online in front of conference participants.

You can present either ONLINE, or at DTU in Copenhagen.

The conference will take place the 8 September in Copenhagen at the Technical University of Denmark and online. This call is an opportunity to join in on the discussion on how we can lower the climate impact of the healthcare sector, lower the environmental impact, and increase sustainability performance.

The focus of the conference is sustainability challenges and solutions in healthcare, such as:

- Circular healthcare
- Non-toxic healthcare
- Climate friendly healthcare
- Resilient healthcare
- Smart healthcare
- Good examples and practices of sustainable healthcare from the Nordics

We welcome all proposals for presentations which relates to sustainability in healthcare and how we can reduce the environmental impact of the sector.

Read more and submit your proposal for a presentation already today!
